Quantum Exhausts

Volkswagen approved Quantum Silencers at prices even the most 'prudent' of customers will love.

It's inevitable that at some point in even the most cherished of vehicles' lifetime, the owner will demand that you 'just fit the cheap part'. He probably knows all about the benefits of original parts – superior quality and longevity, but at this point in time would rather keep the cash in his wallet.

You can't change human nature, which is why we have introduced our new range of economically priced Quantum Silencers.

An alternative product, at a price even the most cash conscious of customers will find attractive and you both have the peace of mind of knowing that it is Volkswagen approved – now that's no compromise.

- Developed and approved by Volkswagen AG
- Made from aluminised steel
- Fits first time
- 2 year warranty*
- Manufactured for all 5 brands
- Superior quality and longevity compared with like-for-like products
- Economically priced.
